Suggested Kit List

	Complete change (or two) of clothes. Including a dry towel. Bin liner to take wet clothes home.
	Warm comfortable clothes. (It is always one sweater colder on the water!). Fleece clothing is good as they wick any moisture away from the skin and therefore you keep warmer, and it also dries out much quicker. Thermal t-shirt and long johns and thermal ski type socks are good for cold days.
	A waterproof/windproof jacket and trousers. (Not quilted clothing)
	Soft canvas shoes, or trainers, or dinghy boots, with soft rubber soles. Shoes invariably get wet. Plastic bags over socks inside shoes help keep feet warm, and make it much easier to slip feet in and out of shoes/boots.
	Gloves are useful: sailing, gardening or old wool types, especially without full fingers.
	Hats. Warm one for cold days and sunhat for sunny days. Neck warmer - fleece variety really works well for keeping warm.
	Please secure any specs. Only wear waterproof watches.
	No earrings to be worn. Long hair to be tied back.
	Personal buoyancy (50n min) and Fitting or the self-inflating type
