### Suggested Kit List

|  |  |
|--|--|
|  | Complete change (or two) of clothes. Including a dry towel. Bin liner to take wet clothes home.  |
|  | Warm comfortable clothes. (It is always one sweater colder on the water!).<br>Fleece clothing is good as they wick any moisture away from the skin and therefore you keep warmer, and it also dries out much quicker.<br>Thermal t-shirt and long johns and thermal ski type socks are good for cold days. |
|  | A waterproof/windproof jacket and trousers. (Not quilted clothing)   |
|  | Soft canvas shoes, or trainers, or dinghy boots, with soft rubber soles.<br>Shoes invariably get wet. Plastic bags over socks inside shoes help keep feet warm, and make it much easier to slip feet in and out of shoes/boots.  |
|  | Gloves are useful: sailing, gardening or old wool types, especially without full fingers.  |
|  | Hats. Warm one for cold days and sunhat for sunny days.<br>Neck warmer - fleece variety really works well for keeping warm.  |
|  | Please secure any specs. Only wear waterproof watches.   |
|  | No earrings to be worn. Long hair to be tied back.   |
|  | Personal buoyancy (50n min) and or self-inflating type.  |
